- Top-Rated @UpWork
- 1 Research Publication
- Senior Roles in IT Farms.

## Online Presence

- 🔗 Github (hasibullah1811)
- 🔗 Stackoverflow (hasib-ullah)
- 🔗 Upwork Profile

## English Proficiency

IELTS Score: **7.5**

## ABOUT

I started to <code/> when I was 16. Been in the game ever since. Crafting apps is my jam, turning ideas into pixel-perfect reality. From the first line to the final UI touch, it's all about making tech work beautifully. I'm that guy who finds peace in the rattling of the keyboard and thrill in cracking tough problems. Constantly exploring, evolving, and building the digital world, one line at a time.

## EDUCATION

### BS in Computer SC. & Engineering(CSE)

North South University, Bangladesh (2018-2023)

### Higher School Certificate (HSC)

Uttara High School and College, Bangladesh (2017)

## WORK EXPERIENCE

### FREELANCE FULL STACK DEVELOPER

Top Rated @ UpWork (Sep 2019 - Until)

Delivered numerous international projects while working on Upwork with 100% success rate.

### Mobile Developer

Binary Craft - IT Farm in Bangladesh (May, 2021 - June 2022)

Designed and implemented a user-friendly web application and mobile apps for iOS and Android platforms.
